NEW MED GLOVES

DISPOSABLE NITRILE GLOVES 3.5 G BLACK - AQL 0.65

MD

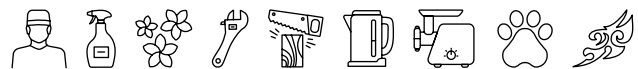

CODE NM-35NK

- CLASS I MD
- CAT. III PPE
- SUITABLE FOR CONTACT WITH FOOD

Disposable **NITRILE** non-sterile gloves. Micro-rough surface. Completely talc-free, ideal for sensitive skin. Excellent sensitivity and high resistance make it suitable for use in both the wellness and professional sectors. **Latex-free**.

The gloves can be used both as a **Medical Device** (for outpatient settings, dressing and dental use) and as individual **PPE** (for protection from chemical and biological risks).
